The Hispanic Scholarship Fund (“HSF”) was founded in 1975 to help Hispanic college students complete their education. HSF exists for one simple reason: to strengthen America by advancing the college education of Hispanics. In support of its mission to double the rate of Hispanics earning college degrees, HSF provides the Latino community with more college scholarships and education outreach support than any other organization in the country.

During its 32-year history, HSF has awarded more than 82,000 scholarships worth more than \$221 million to Latinos from all 50 states, Puerto Rico, Guam, and the U.S. Virgin Islands attending nearly 2,000 colleges and universities.

Kathryn Kurka Children’s Health Fund pays for the cost or partial cost of medical, dental and vision care for LAUSD students who have no other public or private financial resources. Kathryn Kurka Children’s Health Fund is an all-volunteer agency of school nurses.

LAUSD TRUST FOR CHILDREN'S HEALTH

STUDENT + GOOD HEALTH = GRADUATE

We convene a range of stakeholders to develop effective, forward-thinking programs and models for promotion, prevention, and curative efforts, especially for obesity, asthma and oral health.
